STO250-GLYC

Windshield Washer Solvent

Washer Solvent

Protects to -20°F (60% water mix). Non-smearing, non-fogging, and non-staining with a transparent blue color.

Peak All-In-One Washer Solvent

Advanced formula provides clear visibility and won't freeze on the windshield. Safe for all vehicles and effective to -30°F.

Diesel Fuel Supplement + Cetane

Winterizer and antigel designed to prevent fuel gelling and protect against filter icing. Boosts cetane for faster cold starts and contains Slickdiesel® Lubricator to guard pumps and injectors from ULSD-related wear.

- Effective in all diesel fuels, including ULSD and biodiesel blends
- Alcohol-free and safe for all diesel engines
- Will not void manufacturer warranties when used as directed

Part #	Packaging	Each Container Treats
1260	260 gal tote	Up to 390,000 gal
1055	55 gal drum	Up to 82,500 gal
1050	2/2.5 gal containers	Up to 3,750 gal
1064	6/64 oz case	Up to 250 gal
1026	12/26 oz case	Up to 100 gal

Diesel Injector & DPF Flush

A fast-acting, single-tank flush designed to clean your entire fuel system. Use monthly or as needed to remove injector deposits, reduce emissions, and prevent soot build-up in the DPF.

- **Single-tank solution:** Flushes the entire fuel system for rapid cleanup.
- **Removes tough deposits:** Eliminates injector deposits, including IDIDs and nozzle coking, in just one tank.
- **Optimizes performance:** Balances fuel injector flow rates for smoother, more efficient engine operation.
- **REGENEXTEND™ technology:** Reduces the frequency and duration of diesel regens by up to 50%, minimizing costly downtime.
- **Protects the DPF:** Cleans and prevents premature diesel particulate filter clogging.

Part #	Package	Each Container Treats
3264	6/64oz	Up to 250 gal
3226	12/26oz	Up to 100 gal

Diesel 9•1•1

A winter emergency solution that restores fuel flow caused by gelled diesel or frozen fuel filters.

- Liquefies gelled fuel and de-ices frozen filters
- Removes water and prevents fuel filter icing
- Protects pumps and injectors with Slickdiesel® Lubricator
- Safe for all diesel fuels, including ULSD and biodiesel blends
- Will not void engine warranty when used as directed

Part #	Package	Each Container Treats
8080	6/80 oz	Up to 400 gal
8064	6/64 oz	Up to 250 gal
8026	12/26 oz	Up to 100 gal

Winter Rescue Formula

Clear-Diesel Fuel & Tank

Fuel Tank Cleaner
Use at least quarterly or as-needed

An advanced diesel fuel and tank cleaner that removes water, slime, and contaminants while stabilizing fuel for long-term storage.

- Disperses contaminants, removes water and slime, and prevents premature fuel-filter plugging
- +Petrofresh stabilizes fuel for long-term storage
- Protects against tank corrosion and works with Bio Kleen Diesel Fuel Biocide to remove residual water and contaminants
- Compatible with all diesel fuels, including ULSD, biodiesel, and blends
- Alcohol-free, safe for all diesel engines, and does not void manufacturer's warranty

Part #	Package	Each Container Treats
9250	2/2.5 gal	Up to 2,500 gal
9264	6/64 oz	Up to 250 gal
9226	12/26 oz	Up to 100 gal

Bio Kleen Diesel Fuel Biocide

Fuel Tank Cleaner
Use if microbial contamination is present

A dual-phase biocide that kills microbes in both diesel fuel and water, protecting your fuel system from microbial contamination.

- **Kills microbes:** Eliminates bacteria and fungus in fuel and water
- **Quick-kill and maintenance:** Effective for immediate treatment and long-term diesel fuel care
- **Prevents system issues:** Reduces fuel-filter plugging and protects components from microbial acids and tank corrosion
- **Versatile:** Works in all diesel fuels, including ULSD, biodiesel, and blends
- **Safe and reliable:** Alcohol-free and will not void manufacturer's warranty when used as directed

Part #	Package	Shock Treatment	Maintenance Treatment
9128	4/1 gal	2,500 gal	7,000 gal
9016	9/16 oz	320 gal	880 gal

Fuel Power

Treat your fuel year-round to eliminate water and protect your engine. Water in diesel can damage injectors, create gum and varnish, reduce combustion efficiency, and promote microbial growth.

- **Eliminates water:** Protects injectors and fuel system components
- **Prevents wear and damage:** Reduces premature fuel pump failure and sludge formation
- **Improves performance:** Enhances combustion, fuel efficiency, and overall diesel power
- **Stabilizes fuel:** Keeps fuel fresh during storage
- **Year-round protection:** Regular use maximizes diesel performance and longevity

Part #	Package	Each Container Treats
90100	24/8oz	Up to 240 gal

Icemelt

Combines sodium chloride and magnesium chloride for powerful ice melting, even at temperatures as low as -7°F (-21°C). Enhanced with a corrosion inhibitor, it melts ice more effectively than basic rock salt while reducing potential damage to metal and concrete—67% less corrosive on metal than traditional rock salt.

- High-performance formula: Melts ice at lower temperatures for faster results
- Blue crystals for accuracy: Helps avoid under- or over-application, saving time and money
- Safer and more efficient: Reduced environmental impact and safer for employees

Part #	Package
ICEMELT	50lb (49 bags/pallet)

Rock Salt

Melts ice and snow down to +15°F (-9°C) to improve winter surface safety for drivers and pedestrians.

- Available packaging: 50 lb bags (56 bags per pallet)
- Compatible: Works with a full range of salt spreaders
- Effective and reliable: Ideal for keeping roads, walkways, and parking lots safe during winter

Part #	Package
ROCKSALT	50lb (56 bags/pallet)
